Today, this form of massage works on the upper back, shoulders, arms, neck, scalp, ears and face. These areas are massaged using firm yet gentle, rhythmic movements that involve acupressure points called Mama points. A warm aromatic Elixir containing a fine blend of myrrh, amyris, rice, hazelnut and almond oils is used to nourish and hydrate the skin and make your hair shiny and healthy looking. If you do not wish to use oil in your hair, dry scalp massaging is also available.

Please note: We also offer couples, pregnancy, aromatherapy, remedial, sports, reflexology, hot stone relaxation and therapeutic massages, however, a minimum of 48 hours' notice is required in order to organise an appropriate therapist for your required service.
